To
Prof. Anil. K. Gupta
Indian Institute of Management
Vastrapur, Ahmedabad-380 015

Dear Prof. Gupta,

Thank you for your letter dated 25.05.2010 informing the various programmes being taken up for the strengthening of Industries-Academic interaction. I also echo your concern for the development of different types of Techno entrepreneurship and I appreciate the creation of National Mentoring Network to enable faculty, students and scientist to collaborate in the frontier technology which can ultimately convert into technology of social relevance.

I have informed my faculties to actively participate in the programme and to contact you for any further information.

Thanking you,

Yours sincerely,

(Prof. M.Chakraborty)
